

Curtin University

Arts and Leisure Activities for Children with and without Physical, Cognitive, Developmental, Mental and Behavioural Conditions: Participation, Facilitators and Barriers

What is the project about?

Researchers from the Curtin Autism Research Group are investigating the participation of children with and without physical/cognitive/developmental/mental/behavioural conditions in arts and leisure activities and the barriers, and facilitators to participation.

Who can participate?

Parents or carers of children with and without physical/cognitive/developmental/mental/behavioural conditions aged 4 - 12 years.

What would you do?

Participate in an online survey (approximately 15 - 20 minutes) about participation and interest of the child in arts and leisure activities.

What are the benefits for participating?

You may be assisting in increasing the participation of children with physical/cognitive/developmental/mental/behavioural conditions in arts and leisure activities.

Further Information

To express your interest in participating or to find out more, please contact: Dr Elinda Lee on (08) 9266 1790 or elinda.lee@curtin.edu.au

As a token of appreciation, a \$20 gift card will be given to participants for their time.

Curtin University Human Research Ethics Committee (HREC) has approved this study (HREC number HRE2017-0147)
